

Chris Roth  
(714)794-4193

**Background:**

- Started flying when I was 15 years old
- Throughout my flying career I have:
  - Instructed
  - Worked as an airline First Officer and Captain
  - Flown traffic watch for a radio station
  - Conducted sightseeing and photo shoot flights
  - Taught ground school in both the private and airline environments
- Come experience the adventure of learning how to pilot an aircraft. I would like to share my knowledge and excitement with you.

**Qualifications:**

- Pilot Licenses: ATP-Airline Transport Pilot and Commercial
- Instructor Certifications: Single Engine, Multi Engine, Instrument
- Total Flight Time: more than 7,000 hours including turbine (jet) captain experience

**Added Value:**

- Flexibility in that I can meet you at your home or office for ground training
- Master Degree in Business Administration; I can advise you on deducting flight costs on your taxes
- I know the airline environment and can provide career coaching and interview prep services to those pursuing the airline career path
